1. Background

- 1.1. The College is a designated institution created under the provisions of the Further and Higher Education Act 1992. Its structure of governance is laid down in the memorandum and articles of government. The College is accountable through its Board of Governors, which has ultimate responsibility for all the College's activities.
- 1.2. The College is a registered charity for the purposes of the Charities Act 1993, as amended by the Charities Act 2011.
- 1.3. The Financial Memorandum between the funding body and the College sets out the terms and conditions on which grant is made. The Board of Governors is responsible for ensuring that conditions of grant are met. As part of this process, the College must adhere to the funding body's audit code of practice, which requires it to have sound systems of financial and management control. The Financial Regulations of the College form part of this overall system of accountability.
- 1.4. From 29th November 2022 FE Colleges were reclassified as public sector and as such are required to adhere to Managing Public Money (MPM) rules. Any borrowing and amendments to existing agreements require formal written consent by DfE in advance of committing to any new financing arrangements or actioning any new drawdowns of overdrafts, RCF's or loans.

More detailed guidance is available in this document [Bite-size guides to aid colleges in meeting new requirements following reclassification - GOV.UK \(www.gov.uk\)](#)

2. Status of Financial Regulations

- 2.1. This document sets out the College's Financial Regulations. It translates into practical guidance the College's broad policies relating to financial control. It applies to the College and any subsidiary undertakings.
- 2.2. These financial regulations are subordinate to the College's memorandum and articles of government and to any restrictions contained within the College's Financial Memorandum with the funding body and the funding body's audit code of practice.
- 2.3. The purpose of these financial regulations is to provide control over the totality of the College's resources and provide management with assurances that the resources are being properly applied for the achievement of the College's strategic plan and business objectives:
 - 2.3.1. financial viability;
 - 2.3.2. achieving value for money;
 - 2.3.3. fulfilling its responsibility for the provision of effective financial controls over the use of

public funds;

2.3.4. ensuring that the College complies with all relevant legislation;

2.3.5. safeguarding the assets of the College.

- 2.4. Compliance with the financial regulations is compulsory for all staff (including agency staff) connected with the College. A member of staff who fails to comply with the financial regulations may be subject to disciplinary action under the College's disciplinary policy. The Board of Governors will be notified of any such breach through the Audit Committee. It is the responsibility of Executive Leadership Team members to ensure that their staff are made aware of the existence and content of the College's financial regulations.
- 2.5. The Policy and Finance and Audit Committees are responsible for reviewing the financial regulations, through the Deputy Principal & CFO, and for advising the Board of Governors of any additions or changes necessary.
- 2.6. In exceptional circumstances, the Policy and Finance Committee may authorise a departure from the detailed provisions herein, such departure to be reported to the Board of Governors at the earliest opportunity.
- 2.7. The College's detailed financial procedures detail how these regulations will be implemented and are contained in a separate manual which is available to all departments.

3. The Board of Governors

- 3.1. The Board of Governors has ultimate responsibility for all the College's activities. Its specific financial responsibilities are to:
- 3.1.1. ensure the solvency of the College and the safeguarding of its assets;

 - 3.1.3. set a framework for pay and conditions of service of all other staff;

 - 3.1.5. approve the appointment of external auditors and an internal audit service (if required – see point 15.6);
 - 3.1.6. secure the efficient, economical and effective management of all the College's resources and expenditure, capital assets and equipment, and staff, so that the investment of public funds in the College is not put at risk;
 - 3.1.7. ensure that appropriate financial considerations are taken into account at all stages in reaching decisions and in their execution;
 - 3.1.8. plan and conduct its financial and academic affairs so that its total income is sufficient to meet its total expenditure;
 - 3.1.9. approve an annual budget before the start of each financial year;
 - 3.1.10. determine tuition fees;
 - 3.1.11. ensure that the College complies with the funding body's audit code of practice;
 - 3.1.12. approve the College's strategic plan;
 - 3.1.13. approve the annual financial statements.

4. Accounting Officer

- 4.1. The Principal is the College's designated officer and is responsible for ensuring the financial administration of the College's affairs in accordance with the financial memorandum with the funding body. As the designated officer, the Principal may be required to justify any of the College's financial matters to the Public Accounts Committee at the House of Commons.
- 4.2. The Principal shall demonstrate their oversight of financial matters by signing the balance sheet and the statement of corporate governance within the annual financial statements, and the financial forecasts submitted to the funding body.

5. Committee Structure

- 5.1. The Board of Governors has ultimate responsibility for the College's finances, but delegates specific powers and processes to the committees detailed below. These committees are accountable to the Board of Governors.

Policy and Finance Committee

- 5.2. Monitoring of the College's financial position and financial control systems is undertaken by the Policy and Finance Committee. The committee will examine annual estimates and accounts (including the accounting policies upon which they are based) and recommend their approval to the Board of Governors. It will ensure that short-term budgets are in line with agreed longer-term plans and that they are followed. It will consider any other matters relevant to the financial duties of the Board of Governors and make recommendations accordingly. The committee will also ensure that the Board of Governors has adequate information to enable it to discharge its financial responsibilities. The Policy and Finance Committee's terms of reference can be found on the College website.
- 5.3. The Policy and Finance Committee is responsible for ensuring that all the financial implications of the College's strategic plan are taken into account before their approval by the Board of Governors. In addition, it is responsible for considering the College's capital program before it can be recommended to the Board of Governors for approval. Similarly, it considers and makes recommendations to the Board of Governors on the allocation of resources between academic and non-academic areas.

Audit Committee

- 5.4. Colleges are required by their financial memorandum with the funding body and by the funding body's audit code of practice to appoint an Audit Committee. The committee is independent, advisory and reports to the Board of Governors. It has the right of access to obtain all the information it considers necessary and to consult directly with the internal and external auditors. The committee is responsible for identifying and approving appropriate performance measures for internal and external audit and for monitoring their performance. It must also satisfy itself that satisfactory arrangements are in place to promote economy, efficiency and effectiveness. The Audit Committee's terms of reference can be found on the College website. The audit requirements of the College are set out in the funding body's audit code of practice.

Remuneration Committee

- 5.5. Consideration of senior post holder pay and conditions is the responsibility of the Remuneration Committee. It has the power to make recommendations to the Board of Governors on their remuneration, including pay and other benefits, as well as contractual arrangements.

- 5.6. In line with Managing Public Money (MPM) requirements senior pay advertised at or above £150,000 or performance related pay above £17,500 must be approved by DfE in advance. Further guidance can be found [Senior pay controls for colleges - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

- 6.2. Other members of the college leadership team are responsible to the Principal for the financial management of the areas or activities they control. They are advised by the Deputy Principal & CFO in executing their financial duties. The Deputy Principal & CFO will also approve and supervise the financial systems operating within their departments, including the form in which accounts and financial records are kept. Executive leadership team members are responsible for establishing and maintaining clear lines of responsibility within their department for all financial matters. Where resources are further devolved to budget holders, they are accountable to their manager for their own budget.
- 6.3. College leadership team members shall provide the Deputy Principal & CFO with such information as may be required to enable:
- 6.3.1. compilation of the College's financial statements;
 - 6.3.2. implementation of financial planning;
 - 6.3.3. implementation of audit and financial reviews, projects and value for money studies.

7. All members of staff

- 7.1. All members of staff should be aware and have a general responsibility for the security of College property, for avoiding loss and for due economy in the use of resources.

- 7.2. They should ensure that they are aware of the College's financial authority limits (see 21.2) and the values of purchases for which quotations and tenders are required (see 21.13).
- 7.3. They shall make available any relevant records or information to the Deputy Principal & CFO or his or her authorised representative in connection with the implementation of the College's financial policies, these financial regulations and the system of financial control.
- 7.4. They shall provide the Deputy Principal & CFO with such financial and other information as they may deem necessary, from time to time, to carry out the requirements of the Board of Governors.
- 7.5. They shall immediately notify the Deputy Principal & CFO whenever any matter arises which involves, or is thought to involve, irregularities concerning, *inter alia*, cash or property of the College. The Deputy Principal & CFO shall take such steps as they consider necessary by way of investigation and report.

8. Risk Management

- 8.1. The College acknowledges the risks inherent in its business and is committed to managing those risks that pose a significant threat to the achievement of its business objectives and financial health.
- 8.2. The Board of Governors has overall responsibility for ensuring there is a risk management strategy and a common approach to the management of risk throughout the College through the development, implementation and embedding within the organisation of a formal, structured risk management process.
- 8.3. In line with this, the Board of Governors is required to ensure that the risk management strategy and supporting procedures include:
 - 8.3.1. the adoption of common terminology in relation to the definition of risk and risk management;
 - 8.3.2. the establishment of College-wide criteria for the measurement of risk, linking the threats to their potential impact and the likelihood of their occurrence together with a sensitivity analysis;
 - 8.3.3. a decision on the level of risk to be accepted, together with tolerance levels expressed in terms of measurable outcomes (see above);
 - 8.3.4. a decision on the level of risk to be covered by insurance (see 23.1);
 - 8.3.5. detailed regular review at department or support function level to identify significant risks associated with the achievement of key objectives and other relevant areas;
 - 8.3.6. development of risk management and contingency plans for all significant risks, to include a designated 'risk owner' who will be responsible and accountable for managing the risk in question;
 - 8.3.7. regular reporting to the Board of Governors of all risks above established tolerance levels;

8.3.8. an annual review of the implementation of risk management arrangements.

8.4. The strategy and procedures must be capable of independent verification.

8.5. Executive leadership team members must ensure that any agreements negotiated within their departments, with external bodies, cover any legal liabilities to which the College may be exposed. Where needed, legal advice should be sought to ensure that this is the case.

9. Whistleblowing (Public Interest Disclosure)

9.1. Whistleblowing in the context of the Public Interest Disclosure Act is the disclosure by an employee regarding wrong-doing, risk or malpractice in the workplace. For a disclosure to be protected by the Act's provisions it must be a 'qualifying' disclosure. The full procedure for whistleblowing is set out in the College's Whistleblowing (Public Interest Disclosure) Policy and Procedure, which is available on the College web site.

10. Code of Conduct

10.1. The College is committed to the highest standards of openness, integrity and accountability. It seeks to conduct its affairs in a responsible manner, having regard to the principles established by the Committee on Standards in Public Life (formerly known as the Nolan Committee), which members of staff at all levels are expected to observe.

10.2. Additionally, members of the Board of Governors, senior management or those involved in procurement are required to disclose interests in the College's register of interests maintained by the Clerk to the Governors. They will also be responsible for ensuring that entries in the register relating to them are kept up to date regularly and promptly, as prescribed by the Clerk to the Governors.

10.3. In particular, no person shall be a signatory to a College contract where he or she also has an interest in the activities of the other party.

11. Receiving gifts or hospitality

11.1. It is an offence under the Bribery Act 2010 for members of staff to offer, accept or corruptly receive any gift or consideration as an inducement or reward for doing, or refraining from doing, anything in an official capacity or showing favour or disfavour to any person in an official capacity.

11.2. The guiding principles to be followed by all members of staff must be:

11.2.1. the conduct of individuals should not create suspicion of any conflict between their official duty and their private interest;

11.2.2. the action of individuals acting in an official capacity should not give the impression (to

any member of the public, to any organisation with whom they deal or to their colleagues) that they have been (or may have been) influenced by a benefit to show favour or disfavour to any person or organisation.

- 11.3. Thus, members of staff should not accept any gifts, rewards or hospitality (or have them given to members of their families) from any organisation or individual with whom they have contact in the course of their work that would cause them to reach a position whereby they might be, or might be deemed by others to have been, influenced in making a business decision as a consequence of accepting such hospitality. The frequency and scale of hospitality accepted should not be significantly greater than the College would be likely to provide in return.
- 11.4. When it is not easy to decide between what is and what is not acceptable in terms of gifts or hospitality, the offer should be declined or advice sought from the Deputy Principal & CFO. For the protection of those involved, the Clerk to the Governors will maintain a register of gifts and hospitality received where the value is in excess of £50. Members of staff in receipt of such gifts or hospitality are obliged to notify the Clerk to the Governors promptly.

12. Financial Planning

12.1. The Deputy Principal & CFO is responsible for preparing annually a rolling three year financial plan for approval by the Board of Governors on the recommendation of the Policy and Finance Committee and for preparing financial forecasts for submission to the funding body. Financial plans should be consistent with the strategic plans and property strategy approved by the Board of Governors.

Financial objectives

12.2. The Board of Governors will set financial objectives for the College. These will help the Deputy Principal & CFO in preparing more detailed financial plans for the College.

Resource allocation

12.3. Resources are allocated annually by the Board of Governors on the recommendation of the Policy and Finance Committee, and on the basis of the above objectives. The executive leadership team are responsible for the economic, effective and efficient use of resources allocated to them.

Budget preparation

12.4. The Deputy Principal & CFO is responsible for preparing each year an annual revenue budget incorporating any capital program for consideration by the Policy and Finance Committee before submission to the Board of Governors. The budget should also include monthly cash flow forecasts for the year and a projected year-end balance sheet. The Deputy Principal & CFO must ensure that detailed budgets are prepared in order to support the resource allocation process and that these are communicated to executive leadership team members as soon as possible following their approval by the Board of Governors.

12.5. During the year, the Deputy Principal & CFO is responsible for submitting revised budget outturns to the Policy and Finance Committee for consideration before submission to the Board of Governors for approval.

Capital Programs

12.6. A capital program includes all expenditure on land, buildings, equipment, furniture and associated costs whether or not they are funded from capital grants or capitalised for inclusion in the College's financial statements. Expenditure of this type can only be considered as part of the capital program approved by the Board of Governors.

12.7. The Deputy Principal & CFO will establish protocols for the inclusion of capital projects in the capital program for approval by the Board of Governors. These will set out the information that is required for each proposed project as well as the financial criteria that they are required to meet.

- 12.8. The Deputy Principal & CFO is responsible for providing regular statements concerning all capital expenditure to the Policy and Finance Committee for monitoring purposes.

Overseas activity

- 12.9. Overseas activity cannot take place without prior written consent from the Principal. In planning and undertaking overseas activity the College must have due regard to the relevant guidelines issued by the funding body, in particular with regards to controls laid down in the College's bribery policy, particularly in any dealings relating to the recruitment of overseas students or income and the College's current policy on authorisation for overseas travel.

Other major developments

- 12.10. Any new major aspect of business, or proposed establishment of a company or joint venture, which will require an investment in buildings, resources or staff time of more than £100,000, should be presented for approval to the Policy and Finance Committee.
- 12.11. All substantial arrangements entered into for business purposes whether extending the College's provision or of a commercial nature must be approved by the Board of Governors on the basis of a full business plan. These arrangements should be subject to annual reports to the Board with more regular reporting where there are high risk factors such as heavy reliance upon third parties, activity distant from the main campus, or involvement in the provision of non-educational goods or services.
- 12.12. The Deputy Principal & CFO will establish protocols for these major developments to enable them to be considered for approval by the Board of Governors. These will set out the information that is required for each proposed development as well as the financial criteria that they are required to meet.
- 12.13. The relevant executive leadership team member must provide the Policy and Financial Committee with a report each year on the progress of each subsidiary or associate company and the rationale behind its continuing existence.

13. Financial Control

Budgetary control

- 13.1. The control of income and expenditure within an agreed budget is the responsibility of the designated budget holder, who must ensure that day-to-day monitoring is undertaken effectively. Budget holders are responsible to their executive leadership team member for the income and expenditure appropriate to their budget.
- 13.2. Significant departures from agreed budgetary targets must be reported immediately to the Deputy Principal & CFO by the executive leadership team member concerned and, if necessary, corrective action taken.

Financial information

- 13.3. The budget holders are assisted in their duties by management information provided by the Head of Finance. The types of management information available to the different levels of management are described in the detailed financial procedures, together with the timing at which they can be expected.
- 13.4. The Deputy Principal & CFO is responsible for supplying budgetary reports on all aspects of the College's finances to the Policy and Finance Committee on a basis determined by the Policy and Finance Committee but subject to any specific requirements of the funding body. These reports are presented to the Board of Governors, which has overall responsibility for the College's finances.

Changes to the approved budget

- 13.5. Changes proposed to the approved budget will be first considered by the Policy and Finance Committee, which will make proposals to the Board of Governors.

Treatment of year-end balances

- 13.6. At the year end, budget holders will not normally have the authority to carry forward a balance on their budget to the following year.

14. Accounting Arrangements

Financial year

- 14.1. The College's financial year will run from 1 August until 31 July the following year.

Basis of accounting

- 14.2. The consolidated financial statements are prepared on the historical cost basis of accounting and in accordance with applicable accounting standards.

Format of the financial statements

- 14.3. The financial statements are prepared in accordance with the Statement of Recommended Practice *Accounting for Further and Higher Education*, subject to any specific requirements of the funding body, and in accordance with the provisions of the Companies Act.

Capitalisation and depreciation

- 14.4. New land and buildings will be recorded in the balance sheet at actual build or acquisition cost, except where they are received as gifts, where they will normally be recorded at depreciated replacement value. Buildings will be depreciated in equal instalments over their estimated remaining useful life. Land will not be depreciated.

- 14.5. Expenditure incurred on the acquisition of assets other than land and buildings will be recorded in the balance sheet where the acquisition cost per item is £1,500 or more. Grouped items (e.g. a suite of computers) with an individual value of less than £1,500, but a group value of £1,500 or more, will be capitalised. Capitalised assets other than land and buildings will be depreciated according to their expected life, commencing in the year of acquisition.

Accounting records

- 14.6. The Deputy Principal & CFO is responsible for the retention of financial documents. These should be kept in a form that is acceptable to the relevant authorities.

- 14.6.1. The College is required by law to retain prime documents for seven years. These include:

- official purchase orders;
- paid invoices;
- accounts raised;
- bank statements;
- copies of receipts;
- paid cheques;
- payroll records, including part-time lecturers' contracts.

- 14.7. The Deputy Principal & CFO will make appropriate arrangements for the retention of electronic records.

- 14.8. Members of staff should ensure that retention arrangements comply with any specific requirements of funding organisations and the College's document retention policy schedule.

- 14.9. Additionally, for auditing and other purposes, other financial documents should be retained for seven years or as determined by the funder.

Freedom of Information

- 14.10. As a public body, the College is required under the Freedom of Information Act to supply information, reasonably requested as to content and volume, to external organisations and individuals. The details of the College's compliance and response are included in the College's Freedom of Information publication scheme. All responses to requests under the Freedom of Information Policy are dealt with by the Data Protection Officer.

Public access

- 14.11. Under the terms of the Charities Act 1993, the Board of Governors is required to supply any person with a copy of the College's most recent financial statements within two months of a request. Therefore, the College's financial statements will be published on the College website for viewing.

Taxation

- 14.12. The Deputy Principal & CFO is responsible for advising or sourcing the advice required by executive leadership team members, in the light of guidance issued by the appropriate bodies and relevant legislation as it applies, on all taxation issues, to the College. Therefore, the Deputy Principal & CFO will issue instructions to teams on compliance with statutory requirements including those concerning VAT, PAYE, National Insurance, Corporation Tax and Import Duty.
- 14.13. The Deputy Principal & CFO is responsible for maintaining the College's tax records, making all tax payments, receiving tax credits and submitting tax returns by their due date as appropriate.

Novel, Contentious and Repercussive Transactions

- 14.14. Following the ONS reclassification of Colleges to Public Sector, Colleges are required to follow the overall financial control framework for all central government bodies. Managing Public Money (MPM) provides a framework for financial oversight, whereby the majority of financial decision-making is delegated to operational leadership in organisations. However, there are certain classes of transactions where decision-making is never delegated and this includes transactions that are novel, contentious or repercussive
- 14.15. This restriction does not mean that all such transactions are forbidden, only that the college does not have the authority to enter into them without permission from DfE. Consequently, all such transactions must always be referred to DfE for approval, and the request **must** be made before the transaction occurs. DfE may refer such requests to HM Treasury for approval, so colleges should allow sufficient time for proposals to be considered.
- Novel transactions are those of which the college has no experience or are outside its range of normal business.
 - Contentious transactions are those that might cause criticism of the college by Parliament, the public or the media.
 - Repercussive transactions are those that may have wider financial implications for the sector or which appear to create a precedent.
- 14.16. There is no financial threshold relating to these transactions, as such all require approval regardless of value. Further, colleges should assess these matters objectively: if a transaction could reasonably be considered to be novel, contentious or repercussive, then it must be treated as such. Further guidance can be found: [College requirements for novel, contentious and repercussive transactions - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

15. Audit Requirements

General

- 15.1. External auditors and internal auditors (where appointed) shall have authority to:
 - 15.1.1. access College premises at reasonable times;
 - 15.1.2. access all assets, records, documents and correspondence relating to any financial and other transactions of the College;
 - 15.1.3. require and receive such explanations as are necessary concerning any matter under examination;
 - 15.1.4. require any employee of the College to account for cash, stores or any other College property under his or her control;
 - 15.1.5. access records belonging to third parties, such as contractors, when required.
- 15.2. The Deputy Principal & CFO is responsible for drawing up a timetable for final accounts purposes and will advise staff and the external auditors accordingly.
- 15.3. The financial statements should be reviewed by the Audit and Policy and Finance Committees. On the recommendation of the committees they should then be submitted to the Board of Governors for approval.

External audit

- 15.4. The appointment of external auditors for the main financial statements of the College will take place annually. On the recommendation of the Audit Committee this will be submitted to the Board of Governors for approval.
- 15.5. The primary role of this external audit is to report on the College's financial statements and to carry out such examination of the statements and underlying records and control systems as are necessary to reach their opinion on the statements and to report on the appropriate use of funds. Their duties will be in accordance with advice set out in the funding body's audit code of practice and the auditing practices board's statements of auditing standards.

Internal audit

- 15.6. The requirement for an internal audit service will be considered and appointed by the Board of Governors on the recommendation of the Audit Committee. Where there is no internal audit service it is the Audit Committee's responsibility to ensure there is sufficient and objective assurance on the adequacy and effectiveness of the College's internal control system.

- 15.7. Where an internal audit service is appointed it will remain independent in its planning and operation but has direct access to the Board of Governors, Principal and chair of the Audit Committee. The internal auditor will also comply with the auditing practices board's auditing guideline *Guidance for Internal Auditors*.

Fraud and corruption

- 15.8. It is the duty of all members of staff, management and the Board of Governors to notify the Deputy Principal & CFO immediately whenever any matter arises which involves, or is thought to involve, irregularity, including fraud, corruption or any other impropriety.
- 15.9. The Deputy Principal & CFO shall immediately invoke a fraud response plan as per the College's policy and procedures on fraud.
- 15.10. If the suspected fraud is thought to involve the Deputy Principal & CFO and/or the Principal, the member of staff shall notify the Chair of the Audit Committee direct of their concerns regarding irregularities.

Value for money

- 15.11. It is a requirement of the financial memorandum that the Board of Governors of the College is responsible for delivering value for money from public funds. It should keep under review its arrangements for managing all the resources under its control, taking into account guidance on good practice issued from time to time by the funding body, the National Audit Office, the Public Accounts Committee or other relevant bodies.

Other auditors

- 15.12. The College may, from time to time, be subject to audit or investigation by external bodies such as the funding body, National Audit Office, European Court of Auditors, HM Revenue & Customs. They have the same rights of access as external and internal auditors.

16. Treasury Management

- 16.1. From 29th November 2022, FE Colleges were reclassified as public sector and as such are required to adhere to Managing Public Money (MPM) rules. Any borrowing and amendments to existing agreements require formal written consent by DfE in advance of committing to any new financing arrangements or actioning any new drawdowns of overdrafts, RCF's or loans. Further details of new arrangements are detailed in the Dear Accounting Officer letter sent to all Colleges.

[DAO letter - FINAL FOR ISSUE - 28112022.pdf \(publishing.service.gov.uk\)](#)

Treasury management policy

- 16.2. The Policy and Finance Committee is responsible for approving a treasury management policy

(based on CIPFA's *Treasury Management in the Public Services: Code of Practice*) setting out a strategy and policies for cash management, long-term investments and borrowings. This may require compliance with funding body rules regarding approval for any secured or unsecured loans that go beyond the general consent levels set out in the financial memorandum. The Policy and Finance Committee has a responsibility to ensure implementation, monitoring and review of such policies.

- 16.3. All executive decisions concerning borrowing, investment or financing (within policy parameters) shall be delegated to the Deputy Principal & CFO and an appropriate reporting system set up. All borrowing shall be undertaken in the name of the College and shall conform to any relevant funding body requirements. The Deputy Principal & CFO and his or her staff are required to act in accordance with CIPFA's *Code of Practice*.
- 16.4. The Deputy Principal & CFO will report to the Policy and Finance Committee annually on the activities of the treasury management operation for the previous year and on the exercise of treasury management powers delegated to them.

Appointment of bankers and other professional advisers

- 16.5. The Board of Governors is responsible for the appointment of the College's bankers and other professional financial advisers (such as investment managers) on the recommendation of the Policy and Finance Committee. The appointment shall be reviewed periodically in line with the treasury management policy.

Banking arrangements

- 16.6. The Deputy Principal & CFO is responsible, on behalf of the Policy and Finance Committee, for liaising with the College's bankers in relation to College bank accounts and the issue of cheques. All cheques shall be ordered on the authority of the Deputy Principal & CFO, who shall make proper arrangements for their safe custody.
- 16.7. Only the Deputy Principal & CFO may open or close a bank account for dealing with College funds. All bank accounts shall be in the name of the College or one of its subsidiary companies.
- 16.8. All cheques drawn on behalf of the College must be signed in the form approved by the Policy and Finance Committee. Details of authorised persons and limits shall be provided for in the College's detailed Financial Procedures.
