You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

Course description

If you have a Smartphone, you are probably familiar with using Apps for anything from checking the weather forecast to online banking. How would you like to learn to create Apps, maybe for your own business, or an organisation that you volunteer with? You might even want to get a job in this field.

This introductory course will teach you the basic skills you need. You will learn about:

- App software
- How to design and create an App
- How to test, run and evaluate your App.

This course is great fun, and you will improve your digital skills at the same time.

What can this course lead to?

Further introductory courses such as:

Introduction to Cloud Computing
Essential Digital Skills Qualifications.

Further careers include App Creator.
