Course description

Are we too reliant on digital technology? Is that a good or a bad thing? How would you feel if you didn't have your mobile device? This short English and maths course will help you to improve your skills whilst, investigating the impacts that digital technology has on society. Challenge your own opinions and learn to look at things from another viewpoint.

You will learn about:

- Look at the statistics around Digital Dependency
- Review the pros and cons of a digital world – debate on for or against
- Interpret and evaluate graphs and data on digital devices

What can this course lead to?

Functional Skills qualifications in English

Level 1 Functional Skills in Maths
