

English and maths

Maths (Functional Skills Level 1)

This is a four-week course and you need to be able to attend all sessions. If you cannot make some of these dates, please ask us about other dates: we run this course a few times a year.

When does this start and end?

We have 2 different start dates for this course:

- 23 February 2023 - 31 March 2023
- 15 June 2023 - 14 July 2023

What are the entry requirements?

No formal qualifications are required to study this course. We will ask you to complete a task to make sure that this is the appropriate course level for you. A willingness to learn is essential.

Need more information?

You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

Course description

Do you want a qualification that will prepare you for Level 2 Functional maths, or even GCSE maths? Level 1 Functional maths is a stepping stone on the way to those all-important Level 2 qualifications that employers, colleges, and universities are looking for.

If you have an Entry Level 3 qualification in maths, or if you have already been working on your maths skills and made good progress, then why not apply for this nationally-recognised maths qualification?

What can this course lead to?

After this you might move on to either Functional Skills Maths Level 2 or GCSE maths,

depending upon your level of skills, and what the requirements are for your next step in either Further or Higher Education.

Course fees and funding support

FREE*

* [This course is fully funded for eligible students.](#)

If you are not eligible, the cost of the course is £0.00. If you choose to stay residentially, and you are not eligible via the residential funding assessment, there will be an additional fee to pay. The vast majority of students are eligible to study and stay residentially for free and we will confirm when you apply.
