### Course description

---

This course will introduce you to different types of learning difficulties and the potential signs and indicators of them. It will guide you through the assessment process and the routes in which diagnosis can take place.

### What can this course lead to?

---

This course will support you to progress onto further short courses, such as an Introduction to supporting children and young people's mental health. Our Student Support Services team can work with you to design a personalised learning journey based on your needs and long-term aspirations.
