

Introduction to Creating Webpages (NonReg / Introduction)

This course is designed for beginners with little to no prior experience in creating webpages and it provides a hands-on introduction to building and linking webpages. You will add text, images, and even video to your website, while learning about how the Internet works and gaining an insight into the world of web design.

When does this start and end?	What are the entry requirements?	Need more information?
<ul style="list-style-type: none">• 15 September 2025 - 16 September 2025	<p>There are no formal requirements and no prior knowledge of creating webpages is required.</p> <p>However, students will be required to have completed the Next Steps in Computers course, or already have digital skills equivalent to those listed in that course's description.</p>	<p>You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk</p>

What can this course lead to?

This course is a relaxed introduction to creating webpages, but it is also a great starting point for the college's Computer Programming Pathway.
