

Digital and IT

Introduction to Cyber Security

Not sure if the college's accredited Cyber Security courses are for you? Join our Introduction to Cyber Security course and find out. Learn about the risks posed to computer systems and how they can be protected, and how, as our world becomes more and more reliant on computers and data, why cyber security is such an important field of study.

What are the entry requirements?

No prior knowledge or experience of Cyber Security is required but students will be required to have completed the Next Steps with Computers course, or already have digital skills equivalent to those listed in that course's description.

Need more information?

You can find out more about Northern College and the courses on offer by calling us on 01226 776000 or emailing us courses@northern.ac.uk

What can this course lead to?

This course could also lead on to the Cyber Security (Level 1) course at the college.
