Northern College

Digital and IT

Getting into Virtual Reality (NonReg / Introduction)

Step into the virtual world, but not just any world, one that you have created.

When does this start and end?

- 19 January 2026 - 10 February 2026

What are the entry requirements?

No formal requirements; students will require a familiarity with writing JavaScript code, ideally by completing the college's Introduction to Programming course. They will also need to be familiar with using a VR headset, perhaps by completing the college's What is Virtual Reality course.

Course description

Using JavaScript code, you will create virtual worlds that you can explore and interact with. You'll learn the basics of several concepts of 3D graphics and how they can be applied to create an immersive world experienced through a VR headset.
